MARA**

**CLOSING CEREMONY
IPMA MUN DEBATE COMPETITION
2026**

**26TH JANUARY 2026 | SUNDAY
10.30 PM**

**DEWAN SRI INDERA MAHKOTA
KOLEJ PROFESIONAL MARA INDERA
MAHKOTA**

BISMILLAHIRRAHMANIRRAHIM.

Assalammualaikum w.b.t and a very good morning.

APPROPRIATE SALUTATION...

1. All praise to Allah SWT, for by His grace, we have successfully concluded IPMA Model United Nations 2026 today. Over the past three days, our delegates have demonstrated unwavering dedication, investing their energy, intellect, and passion into every session. Today marks the finale of their remarkable journey. This programme extends far beyond a debate simulation. It serves as a high-impact experiential learning platform, empowering

delegates to critically engage with global issues, think strategically, and communicate with professionalism, diplomacy, and sportsmanship.

2. Throughout the programme, delegates deliberated on two major issues through two highly significant councils, namely:

- The **United Nations Security Council (UNSC)**

which addressed the issue of protecting civilians from armed conflict in urban warfare; and

- The **United Nations Human Rights Council (UNHRC)**

which examined the challenge of balancing freedom of speech with content regulation and censorship on digital platforms.

3. Both themes clearly reflect the realities of today's world, where physical conflicts and digital conflicts alike demand wisdom, empathy, and ethical leadership.
4. Through this programme, delegates not only argued using facts and logic, but also demonstrated intellectual maturity, sensitivity towards humanitarian values, and a strong spirit of international cooperation—fully aligned with the core objectives of this programme.

5. Indeed, the objectives of IPMA Model United Nations 2026 to cultivate globally minded students who are confident in communicating in English and equipped with leadership and diplomatic skills—have been successfully realized through this programme.
6. I would like to extend my heartfelt congratulations to the organizing committee for their meticulous planning, as well as to all delegates for their full commitment from beginning to end.
7. I would also like to congratulate all winners and award recipients. Your achievements are the result of your dedication, discipline, and perseverance throughout the

competition. However, remember that true success lies not only in medals or certificates, but in the knowledge, experiences, and self-confidence you have gained.

8. To today's winners who will carry the name of MARA to the **Asia World Model United Nations (AWMUN) XIII 2026 in Seoul, Korea**, I wish you every success. You represent not only yourselves, but also the image of MARA and Malaysia on the international stage. Seize this opportunity to learn, build global networks, and demonstrate that MARA students can stand shoulder to shoulder with delegates from around the world.

9. Looking ahead, it is my sincere hope that programmes such as this will continue to grow in scale and impact. With broader participation from more IPMA campuses and MARA institutions, and supported by more structured and systematic early training, initiatives like IPMA MUN have the potential to reach even more students and deliver an educational experience that is truly holistic, transformative, and future-oriented.

10. I extend my heartfelt congratulations to all who have made IPMA Model United Nations 2026 a success. May the knowledge, skills, and values gained through this platform serve as a powerful catalyst in shaping a new generation of MARA leaders who are

not only intellectually capable, but also principled, ethical, and globally competitive.

11. In the name of Allah, Bismillahirrahmanirrahim, I hereby officially declare the IPMA Model United Nations 2026 Closing Ceremony closed. Thank you and may the lessons and experiences of this programme continue to guide and inspire you.

Wabillahi taufik walhidayah,

Peace be upon you.
